

No. PDMA/PEOC/Press-Rel-01-07/2026

Dated Peshawar the 22nd July, 2026

To

All Deputy Commissioners,
Malakand & Hazara Division, Khyber Pakhtunkhwa

Attention: Deputy Commissioner (Chitral (Upper & Lower), Dir Upper, Bar-Swat, Swat, Kohistan (Upper & Lower) & Mansehra)

Subject: Press Release

Dear Sir,

I am directed to refer to the subject cited above and to state that the Pakistan Meteorological Department (PMD), Research & Development Division, Islamabad, has informed that a significant increase in water levels in rivers, streams, and nullahs across glaciated regions of **Khyber Pakhtunkhwa**. Real-time observations from the hydro-meteorological monitoring network installed for GLOF monitoring at different valleys, indicate that many snow-fed and glacier-fed watercourses are currently flowing peak values due to accelerated snow and glacier melt, coupled with recent rainfall.

Furthermore, the prevailing hydrological conditions could trigger riverbank erosion, land wasting, and localized flooding. With the prevailing weather system, it may increase the likelihood of the current high-flow conditions developing into medium to high flood situations in susceptible valleys and downstream areas.

In view of the above weather conditions, you are requested to kindly take all necessary precautionary measures to avoid any loss of life/ livestock and damages to infrastructure/ crops. Furthermore, all concerned authorities are requested to take the following safety measures:

- a) **Undertake proactive monitoring and surveillance** of vulnerable sites in order to ensure timely early warning and response.
- b) To conduct **evacuation drills** in at-risk communities in order to ensure full preparedness.
- c) To ensure that safe **evacuation sites** are fully stocked and ready for utilization in case of any eventuality
- d) **To alert** population residing in low lying areas.
- e) Ensure that **local community** of at-risk/ vulnerable areas is forewarned.
- f) Ensure the **availability of Emergency/ Rescue Services personnel and C&W/ equivalent departments** during the period.
- g) **Pre-place necessary emergency equipment** for rapid response in case of any eventuality.
- h) **Mass awareness campaign** for general public in at risk areas covering following aspects: -
 - i. Avoid proximity to riverbanks and stream beds during the heatwave period.
 - ii. Avoid unnecessary movement in such areas, especially the discharge nullahs / streams and rivers.

www.pdma.gov.pk

- iii. Risk, consequences and danger of washing away of vehicles in fast-flowing water channels.
 - iv. Monitor local nullahs for sudden changes in water color (muddiness) or unusual sounds (grinding rocks)
 - v. Alerting general masses living in low-lying areas to exercise extra caution including community-based alert system.
 - vi. Secure livestock and essentials in higher safe grounds
 - vii. Coordinate closely with community Based Disaster Risk Management Committees (CBDRMCs)
 - viii. Maintain active communication links with technical focal persons in remote valleys.
 - ix. Evacuation plan of at-risk community and its timely evacuation.
 - x. Refrain from camping, trekking, or staying near riverbanks, streams, glacial lakes and narrow mountain valleys.
- i) **Tourists/ Travelers** in at-risk/ vulnerable areas be forewarned of risk and advised to avoid any unnecessary travel.
- j) **Coordinate** with **Concerned Departments (NHA, FWO and C&W)** for the timely restoration of roads/ bridges in case of any blockage, obstruction/ closures and damage.
- k) In case of heightened risk, controlled breaching of vulnerable sites may be coordinated with the concerned departments, to prevent sudden events
- l) In-case of any eventuality, routine updates will be shared with PEOC, PDMA i.e., active round the clock via toll free helpline 1700.

(Fahad Tahir)
