

CALL FOR PROPOSAL

A public sector organization from Khyber Pakhtunkhwa requires quotations from registered and qualified firms for purchase of Digital Elevation Model (DEM) with a 1-meter spatial resolution for Flood Modelling and Multi-Hazard Vulnerability and Risk Assessment (MHVRA) study. We invite all interested data providers, vendors, and agencies to submit their quotations for provision of the required DEM datasets along with detailed specifications.

Requirements:

Resolution: 1-meter spatial resolution extracted from stereo pair imagery.
Accuracy: 1 meter of Vertical Accuracy, and also rectified by applying Ground Control Points (GCPs).

Coverage Area: 2 Districts of Khyber Pakhtunkhwa Raw stereo pair should also be provided.

Application: Flood Modelling and Multi-Hazard Vulnerability and Risk Assessment (MHVRA)

Supplier's Requirements:

The Supplier must be authorized reseller of Satellite Imagery and DEM.

The supplier must have experience in supplying DEM and DTM.

The Supplier must be a registered firm with survey of Pakistan.

Submission Deadline: 10th September, 2024.

Interested parties are requested to submit their quotations along with relevant documentation including active NTN and STRN Certificates for Tax deduction as per Government of Pakistan Rules.

For further details and for submission of Quotations:

Email: policykpdr@gmail.com

We encourage prompt submissions and look forward to receiving your quotations.
